

ESG Manager Course

Siri 4 (ESG04): Understanding the Social Aspects in Sustainability

This course addresses social impact and associated risks from societal actions, the stakeholder such as employees, customers and the communities where the organisation operates. This course will cover latest requirement in safety and health, the related standards, labour practices, diversity, equity, inclusion (DEI) and wellbeing of the stakeholder.

This is also one of the essential course for Sustainability / ESG Manager. Upon completion of this course, one can also register for our other four courses and assessment to obtain the ESG Manager certificate.

Objective

To provide participants with essential understanding of social perspective in the sustainability and ESG context.

Trainer
